Summary

Highly motivated and detail-oriented Java developer with a passion for creating efficient and reliable software solutions. Proficient in troubleshooting and debugging, with experience in enhancing system performance. A collaborative team player to deliver high-quality software components and contribute to overall project success.

Education

Government Arts and Science College, Kangeyam	May 2024
B.Sc. Computer Science	*CGPA: 8.0*
Government Higher Secondary School	April 2021
Dharapuram, Tamilnadu.	*Percentage: 80%*

Projects

Product Billing Web App | *Java, SpringBoot, Javascript, HTML/CSS, MySQL, REST API*   Feb 2025
- Developed a responsive billing web application with features like product management, billing, returns processing, and PDF invoice generation.
- Implemented dynamic sales report generation to support business insights and analytic
- Built a robust backend with Spring Boot and REST API, ensuring efficient data handling with MySQL.

Voluntary Blood Donation Platform | *Java, SpringBoot, Javascript, HTML/CSS, MySQL*   Feb. 2024
- Developed a full-stack web application for a voluntary blood donation platform using Java Spring Boot.
- Implemented a scalable backend using Java, and a relational database for efficient blood donor management and data storage.
- Designed a user-friendly interface using HTML, CSS, and JavaScript to facilitate a seamless blood donation registration and search process.

Technical Skills

Languages: Java
Frontend Technologies: HTML, CSS, Bootstrap, JavaScript.
Backend Technologies: Spring Boot.
Database: MySQL.
Tools: Postman, Git/GitHub, VS Code, Eclipse.

Certification & Achievements

Java Full Stack Developer Course at Softlogic Academy, Chennai .
Java Fundamentals Certificate by IBM.
Participated in a hackathon at Softlogic Academy and developed a Student Management web application (2025).

Soft Skills

Communication: Effective communication to facilitate discussion and understanding.
Adaptability: Quick to adapt and thrive in changing environments.
Problem Solving: Proactive in identifying and resolving complex issues.
